

Team USA Friend to Friend Fund Raising Program

Team USA participants are able to help support the activities of Team USA by asking their friends and family to consider making a tax-deductible gift to the American Association of Kidney Patients (<http://aakp.org>) which will be providing financial and management support to Team USA for 2017.

All donations made are tax-deductible gifts to the American Association of Kidney Patients to support Team USA, and therefore cannot be directed to or used by individuals for their own expenses or costs to attend the World Transplant Games. However, an incentive has been established to encourage team participants to seek financial support for the team. **If a team member is able to raise \$1,150 for Team USA by April 15th then that participant's regular registration fee will be underwritten by the team.**

The donation system for 2017 is CauseVox—you can access the Team USA page here: <http://teamusa.causevox.com/> On the right, under the World Games logo, you can create your own page by clicking on the "Create a Fundraising Page"—detailed instructions follow.

If you have any questions regarding this program, please contact teamusa.worldgames@gmail.com or the American Association of Kidney Patients at info@aakp.org or by calling 800-749-2257, option 7, then option 1.

Once you have an account on Causevox, you will see a page like this. Here you can add a photo if you want. If you don't use your own photo, the Team USA logo will be used by default:

The screenshot shows a web form titled "Finish Your Profile" with the subtitle "Let your supporters know who you are." Below the title is a large rectangular area for a profile photo. Inside this area is a grey circle with the word "PHOTO" in the center. Below the circle is a grey button with a camera icon and the text "Upload". Below the photo area is a small line of text: ".JPEG, GIF, or PNG. At least 400px (W) x 400px (H). 5 MB max size." Below the photo area are two text input fields. The first is labeled "FIRST NAME" and contains the text "ex. John/Jane". The second is labeled "LAST NAME" and contains the text "ex. Smith". Below these fields is a red button with the text "Continue >".

As the last step, you can change the page URL, the fundraising goal, and set the end date for your fund raising (which must be on or before April 15). If you are doing a fund raising page for more than one person, you should change the fund raising goal and you may wish to change the page URL to be different than the name of the page creator. When finished, click "CONTINUE TO DASHBOARD":

Once you arrive at the Dashboard, you can change your details, what your page says, post an update and share with social media:

My Dashboard

The dashboard is titled "My Dashboard" and is divided into several sections. On the left, there is a vertical navigation bar with two icons: a globe and a person. The main content area is split into two columns. The left column contains a campaign URL "teamusa.causevox.com/gary-green" with social media icons for Facebook, Twitter, and Email. Below this, it shows "\$0.00 OF \$1,150.00 RAISED" and "0 DONATIONS". The right column has a "QUICK LINKS" section with four items: "Edit my fundraising page details", "Edit my fundraising appeal", "Write an update", and "Explore teams". Below this is a "MY TEAMS" section with a "CREATE NEW" button. At the bottom of the dashboard, there is a "MY RECENT ACTIVITY" section with a "VIEW ALL" button.

My Appeal Donors

I am excited to be part of Team USA preparing to compete in the 21st World Transplant Games in Malaga, Spain starting on June 25th!

The World Transplant Games is an eight-day competition held every two years which features teams of transplant athletes from almost all the countries of the world competing in 13 sports and more than 40 events. Competition is open to anyone who has received a lifesaving solid organ transplant. My participation in the Games helps dispel the myths surrounding organ transplantation and demonstrates the success of this lifesaving therapy around the world. It also calls attention to the critical need for more donors—there are more than 120,000 people waiting for an organ transplant in the U.S. alone. An average of 18 people die each day waiting for a transplant.

Your tax-deductible contribution will help support me and other Team USA athletes compete in the upcoming World Transplant Games and will demonstrate to the world the success of organ donation and transplantation. Your support will help our country field the largest team possible.

To seek funds, you can use the social media links embedded on your page, or you can copy your personal link into an email or an instant message and write it entirely yourself, outside of CauseVox.
