

AAKP 4th ANNUAL PUBLIC POLICY SUMMIT: JUNE 17, 2021

The 4th Annual Policy Summit will continue to bring together key influencers from across all sectors of the policy spectrum – patients, healthcare professionals, researchers, industry, and the Federal government. The focus for 2021 will be to highlight innovation in kidney biologics, diagnostics and devices as well as examine the expanding impact of kidney disease in America and the accelerating need for policies that honor full consumer choice in treatment and smarter policies to better align both regulatory and payment decisions.
