

Are you a Veteran or Military Family Member?

Join AAKP's Ambassador Program to support our Veterans Health Initiative!

AAKP Ambassadors:

- Engage in activities that impact policy and health outcomes
- Share their unique perspective in surveys, focus groups, advisory boards, and other research opportunities
- Provide input on the development of research trials, patient materials, new medications, devices, diagnostics, and more
- Communicate with elected leaders and participate in congressional advocacy days to ensure kidney disease is a priority
- Educate and raise awareness about kidney diseases, associated conditions, and upcoming programs and events in the kidney community
- Make a positive impact and influence change!
