Are you a Veteran or Military Family Member?

Join AAKP’s Ambassador Program to support our Veterans Health Initiative!

Engage in activities that impact policy and health outcomes
Share their unique perspective in surveys, focus groups, advisory boards, and other research opportunities
Provide input on the development of research trials, patient materials, new medications, devices, diagnostics, and more
Communicate with elected leaders and participate in congressional advocacy days to ensure kidney disease is a priority
Educate and raise awareness about kidney diseases, associated conditions, and upcoming programs and events in the kidney community
Make a positive impact and influence change!
