

Global Ambassador Initiative

Kidney Disease affects approximately 850 million people worldwide. Use your voice to make a difference and ensure kidney disease remains a global health priority. Join AAKP, the oldest and largest fully independent, patient-led kidney patient organization in the United States with a growing global audience. Become an AAKP Global Ambassador today!

AAKP Ambassadors are an important part of our Center for Patient Engagement and Advocacy, working to ensure the voices of kidney patients and their care partners are heard.

Who should apply? • **Motivated and passionate Kidney Patients**
• **Family Members of Kidney Patients** • **Living Kidney Donors**
